ACCESSORIES (Configure separately)

## SPECIFICATIONS

PHYSICAL	MATERIALS	<p>Copper: Constructed from copper and brass. These enduring metals are inherently corrosion resistant.</p> <p>Aluminum: Constructed from Copper-Free aluminum (Type 6061-T6)</p>
	INSTALLATION	<p>5" diameter, machined copper-free aluminum mounting plate with black finish.</p>
	CANOPY	<p>5-1/4" diameter canopy conceals mounting plate and hardware. Hand spun from high purity, solid copper or aluminum plate with tamper resistant, machined brass lock collar.</p>
	HARDWARE	<p>Tamper resistant, stainless steel hardware.</p>
	FINISH	<p>Copper: Natural (NAT): Copper and brass components are sand blasted to expose the porous metal surface. Over time, and with exposure to the elements, the metals will naturally 'weather' resulting in a unique patina.</p> <p>Also available with hand-crafted metal finishes including brown patina (BP), green patina (GP), and polish (POL).</p> <p>Copper and brass components are also available in powder coat finishes.</p> <p>Optional ceramic clear coat protection (copper and brass components only) seals and protects underlying metals and protects against discoloration, fading, and wear. Highly impervious to chemicals, solvents, and graffiti. For use with natural (NAT) and polish (POL) finishes.</p> <p>Aluminum: StarGuard®, our exclusive RoHS compliant, 15 stage chromate-free process cleans and conversion coats aluminum components prior to application of Class 'A' TGIC polyester powder coating.</p>
	WARRANTY	<p>5 year limited warranty.</p>
	CERTIFICATION LISTING	<p>Suitable for indoor or outdoor use. RoHS compliant. Made in USA.</p>
